

Amendment to Downtown Development Plan/Tax Increment Finance Plan

The physical improvements in the expanded DDA district will include curbs, trees, pedestrian/bicycle path and lighting along State Street from Pierce Street to U.S.131.

This will link the village to commercial development at State Street and U.S.131.

It also will serve the school with safe walk ways.

A pathway and curbs along Pierce Street from State Street to Seventh Street.

Improvements to the Snow Bowl Park at the intersection of Pierce and Seventh Street with fencing and parking

The cost for these projects is estimated to be \$100,000.

These projects would be done in a Phase II project.
